Specify Lattice Braid!

Garlock utilizes special braiding equipment to convert the softness of this new Teflon fiber into a fine new LATTICE BRAID packing . . . Garlock Style 5889!

When you order, specify LATTICE BRAID by name. Garlock—and only Garlock—offers LATTICE BRAID construction. LATTICE BRAID is synonymous with stronger, more flexible, longer life packings. Combine these virtues with the features of the new soft Teflon fiber . . . tough, yet flexible enough to fit itself to stuffing box areas with minimum gland adjustment . . . effective sealing without seizing . . . virtual elimination of overheating, glazing, and shaft wear. Now—you have the best packing ever

for use in chemical processing equipment.

If you want more details, ask your Garlock representative. Or, write for AD-200-4, Garlock Inc., Palmyra, N. Y. In Canada: Garlock of Canada Ltd., Toronto, Ontario.

Order from the complete line of quality Garlock products . . . Packings, Gaskets, Seals, Molded and Extruded Rubber, Plastic Stock and Parts.
