## **Core Science Systems**

### **National Geospatial Program (-11,375,000/-26 FTE)**

#### **Reduce Federal Geographic Data Committee Functions (-\$2,700,000/-7 FTE):**

This eliminates Interior sponsorship of several Federal Geographic Data Committee (FGDC) committees and projects, but retains core FGDC committee support, stakeholder engagement, and strategic planning support. Reductions and eliminations include activities supporting the Federal Geospatial Platform; the National Geospatial Advisory Committee; collaborating with Federal and non-Federal partners on geospatial standards; and supporting the development of the National Spatial Data Infrastructure.

The full budget request can be found at:
