

TO: Raleigh A. Garcia
DATE: June 7, 1968 a.m.

T. Oneson Montreal called 8:25.

Stated he would like for Dr. Kelly or Dr. Wheeler to phone a Dr. W. N. ~~MacEachern~~ MacEachern, Dermatologist at Kitchener. Letter was written to LaSalle directed to Chief Chemist on May 28 and has not yet been answered. Letter was as follows:

Addressed to Monsanto, Ontario
Attention: Chief Chemist

Dear Sir:

Recently an employee of the Budd Automotive Company in Kitchener has developed a dermatitis at his job.

One of the agents that is suspected is a product of yours called Pydraul (hydraulic oil). If it is at all possible would you kindly let me know the basic ingredients in this agent and to your knowledge have any skin irritations ever developed from its use. Please be assured that any information that you would supply would be kept in strictest confidence and are not for any further publication.

Yours truly,

Kitchener Area Code 519 742-0591

Should express apologies to Dr. MacEachern for delay.

Date, ASAP

Would you please take care of this. I never called Elmer. Thanks

D.
