

NATIONAL LEAD COMPANY

111 BROADWAY

NEW YORK

October 22, 1923.

Dr. David L. Edsall, Dean,
Harvard Medical School,
Boston, Mass.

Dear Dr. Edsall:

In accordance with the request of Dr. Joseph C. Aub, asking under date of May 14, 1923, for an increase in the contribution made by the lead manufacturing interests to the fund to be spent by the Harvard Medical School in its lead investigation, we have interested the lead smelting interests in this matter, and they have joined with the Eagle-Picher Lead Co. and ourselves in making up the sum estimated by Dr. Aub, namely, \$23,100. I am therefore pleased to enclose you the following checks:

St. Joseph Lead Company	\$11,550.00
The Eagle-Picher Lead Co. . . .	2,134.13
National Lead Company	<u>9,415.87</u>
	\$23,100.00

I am sending you these checks by direction of our President, Mr. Cornish, who is away in Europe, and I trust that all will be in accordance with your wishes in the matter.

Yours very truly,

G. W. Hampden
