Mr. John Tapp
Brixham Laboratories, UK

Vista Chemical Company needs to test an oil for aquatic toxicity testing to gain approval for use in oil-based muds.

Please advise as to current costs for testing, sample submittal procedures, specific data needs (MSDS, etc), and any permission needed for report circulation or additional chemical analysis.

I can be reached in U.S. at 713/531-3445 if necessary.

Regards,

Thomas G. Grumbles, C.I.H.
