SUBJECT GLC ANALYTICAL METHODS & WILDLIFE

REFERENCE Your 7-1-69 Memo to REK

TO R. A. Lidgett
Ruabon

Ron:

Thanks for the copy of the invitation covering the meeting on PCB's in wildlife at the Ministry of Agriculture, Fisheries and Food in September. We would appreciate it if you will plan to attend and give us feedback about what comes out of the meeting. I am informing others in St. Louis by copy of this memo and the invitation. We will plan to fill you in on our progress and concerns in late August.

Best regards,

R. E. Keller
