Hon. Pierre Cadieux
Solicitor General
307 Confederation Building
House of Commons

Dear Mr. Cadieux:

Further to your letter of June 12/90 regarding Monsanto.

Minister I believe this is a matter deserving of a full scale investigation by the Commercial Crime Squad.

I believe the evidence given to the RCMP by an informant in Western Canada is sufficient to warrant an investigation of what Monsanto knew when they began to cover-up known human carcinogen use.

Minister taking action to withhold vital information which resulted in sickness or death falls clearly in the Criminal Code. It is conspiracy.

I suggest a full investigation is in order. The scope of the investigation will be determined by what is found.

I look forward to your support.

Sincerely,

Jim Fulton
