

ETHYL GASOLINE CORPORATION

25 BROADWAY

NEW YORK

September 29, 1928.

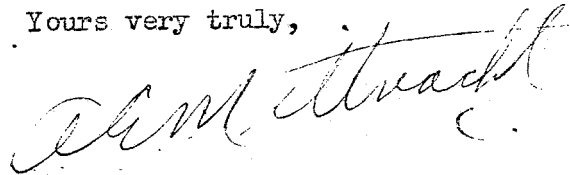

INTER-OFFICE
CORRESPONDENCE

Dr. Karl V. Kitzmiller,

Dear Dr. Kitzmiller:

Attached hereto is copy of letter from
Mr. C. J. Kahler, together with copy of our today's
reply. I would suggest that you write him fully on
this subject, sending us a copy for our records.

Yours very truly,

C:C

September 23, 1928.

Mr. C. J. Kahler,
415 N. Orange St.,
Selinsgrove, Pa.

Dear Sir:

We acknowledge receipt of your letter of September 24th and thank you for coming direct to us with your complaint about Ethyl Gasoline.

We are referring your letter to our Medical Department who will answer you direct. We are sure that the ETHYL fluid contained in the gasoline was not the cause of your infection but, of course, all gasoline, whether containing ETHYL or not, is liable to burn the skin if spilled on it.

We attach hereto a booklet entitled, "Information about Ethyl Gasoline", which we trust will be of interest to you.

You should hear from our Medical Department in the course of a few days.

Very truly yours,

C:C
