Gentlemen: Attention: Mr. G. H. Finlay

Subject: Workman's Compensation
Travelers Insurance Company

We have recently learned from our Boston Office that Mr. Richard Potthwell, Faulkner Road, Wilmington, Massachusetts, is seeking compensation from the Travelers Insurance Company for an alleged occupational disease supposedly contracted while working for our company. Since this is the first case of this type which we have had, we are anxious to follow it closely and would appreciate your securing for us periodical reports on its status.

Very truly yours,
