Subject: Re: Capital News Service - Univ of Maryland: Comment sought on Maryland Gov. Hogan's pending lawsuit against the EPA

Hi John, attributable to an EPA spokesperson:

"EPA seeks to work with state partners to resolve environmental issues in a reasonable way."

To Whom It May Concern:

I'm following up on a message I left at the general press number.

If you're not familiar with Capital News Service, we're a Maryland-based wire service that also feeds the AP wire.

We're looking for comment from the EPA on Maryland Gov's Larry Hogan's announcement of a lawsuit against the EPA for failure to act on a petition under Section 126 of the federal Clean Air Act in which they say they asked the EPA "to require certain power plant units in the upwind states [of Ohio, KY, Indiana, PA and WV] to run their air pollution controls to reduce emissions."

I can be reached at the number below or this email. My deadline is this afternoon.

Many thanks in advance for your attention.

Best,

John Meils
