Dr Robert A. Kehoe,
Kettering Laboratory,
University of Cincinnati,
Cincinnati 19, Ohio.

Dear Dr Kehoe,

I am writing to thank you for your kindness in
arranging for me to visit the Ethyl Corporation Plant at
Baton Rouge and to meet Dr Boek.

Dr Boek was very kind and I enjoyed a long talk
with him. I am very interested in the work you are doing
on a long term plan to study the possible long range effects of
absorption of lead.

I am looking forward to seeing the promised film in
New York on Tuesday next.

I do hope you will place me on your mailing list for any
publications on plumbism, and I shall keep in touch with
you regarding developments in alcoholism. I shall see Dr
Henderson on my return and try and obtain a reprint of each
of his publications for you.

I enjoyed our talk in St Louis and hope we shall meet
again soon.

With kindest regards and again many thanks
for your assistance in my enquiries,

Yours sincerely,
Paul P.
