Dr. Robert A. Kehoe,
University of Cincinnati,
College of Medicine,
Cincinnati, Ohio.

Dear Dr. Kehoe:

Have you published the result of your interesting study in Mexico which investigated the lead excretions of a small community and which you were kind enough to tell me about when I visited you over a year ago in Cincinnati?

If you have any reprints of any recent papers you may have contributed on the subject of lead I shall be glad to have them.

Sincerely yours,

F. E. Wormser
Secretary.
