You Want the Pavement That Pays Dividends

You know, from your own happy experience, what a pleasure it is to drive on Portland Cement Concrete Pavement.

You know that Portland Cement Concrete Pavement is skid-proof, rigid, even and unyielding.

You know that no matter how hot the day its surface remains true and even.

You know, too, that the pleasing, light gray color of Concrete makes driving safe by night as well as by day.

Concrete Pavement consists of a definitely proportioned mixture of sand, pebbles or broken stone, and water, held together by the everlasting grip of that tenacious binder, portland cement.

Portland cement is the basic material that makes the Concrete Pavement endure. It builds repair out and the maintenance in.

You want your pavement to be an investment—not an expense. You want to receive continuous dividends in service and satisfaction. That means Portland Cement Concrete Pavement.

Watch for advertisements telling about the many other uses of concrete. And remember that the Portland Cement Association has a free personal service to offer you. Whether you use concrete or have it used for you, this service will give you more for your money.

Our booklets R-3 and R-4 tell many interesting things about Concrete Roads and Streets. Which one would you like us to send? There is no charge.
