Hazardous Waste Rules and Proposed Rules
Federal Register, 1999: July

07/06/99 64 FR 36466-36490

Title: Hazardous Waste Management System; Modification of the Hazardous Waste Program; Hazardous Waste Lamps
Affected: 40 CFR Parts 260, 261, 264, 265, 268, 270 and 273
Action: Final rule.
Comment: This final rule adds hazardous waste lamps to the federal list of universal wastes regulated under the Resource Conservation and Recovery Act (RCRA). Handlers of universal wastes are subject to less stringent standards for storing, transporting, and collecting these wastes. The EPA has concluded that regulating spent hazardous waste lamps as a universal waste under 40 CFR Part 273 will lead to better management of these lamps and will facilitate compliance with hazardous waste requirements.

07/12/99 64 FR 37530-37532

Title: Agency Information Collection Activities; National Emission Standards for Benzene Emissions From Coke By-Product Recovery Plants (Subpart L), EPA ICR No. 1080-10, OMB Control No. 2060-0185
Action: Notice.
Comment: EPA is planning to submit benzene emissions standards Information Collection Request (ICR) to the Office of Management and Budget (OMB). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the information collection. Comments must be submitted on or before September 10, 1999.

07/12/99 64 FR 37624-37638

Title: Project XL Rulemaking for New York State Public Utilities; Hazardous Waste Management Systems
Affected: 40 CFR Parts 9, 262, 264, 265, and 270
Action: Final rule.
Comment: This rule provides regulatory flexibility under RCRA, as amended. It allows participating New York State Utilities to consolidate hazardous waste, which they generate at remote locations, at designated Utility-owned central collection facilities (UCCFs) for up to 90 days subject to specified
