Vice President-ControllerMr. R. H. Mereness, Executive Director
Asbestos Information Association
1660 "L" Street, N. W.
Washington, D. C. 20036

Dear Bob:

The following is information that you requested for the Federal Trade Commission inquiry. We are manufacturers of asbestos-cement pipe and I will answer the six items regarding this product as follows:

- | | |
|--------------------------|-----------------------------------|
| 1. Cement - 50% | Asbestos - 20%: (Chrysotile - 80% |
| Silica - 30% | (Crocidolite - 20% |
| 2. Locked-in | |
| 3. By cement and silica. | |
| 4. Yes | |
| 5. Very minor amount. | |
| 6. None | |

I hope that this information will be of help to you in making a report to FTC.

Best regards,
