Hi, Ginny. Please see request below for a reference request for a state RCRA permit for the Portsmouth Naval Shipyard and for the subbase in Groton, CT.

For Portsmouth, I searched 4 sites in SEMS-RM, but only the SF site returned any records captured in SEMS-RM. The records may be only in hardcopy paper.

The RCRA File Plan  [RCRAFILEMANUAL.pdf](#) has Part A and Part B permits, I am not sure if this is what the request is seeking.

As for Subbase Groton, I found 1000154451, and attach it here.

This was in the RCRA site file.

MaryJane and David, let Ginny know if you need anything more for Groton.

Subject: Request for documents

Ross— We have upcoming inspections scheduled for Portsmouth Naval Shipyard and Groton Subbase. We would like to review the State permit prior to that inspection. As indicated in the attached screen shots the documents appear to be in SEMS. Could you connect me with the right person on your staff who can help us retrieve/review these documents? Thanks.
