And to help us on this, Hayley and Tate are working with me on getting this nailed down. We are squeezing stops together to get back for Thursday.

I know, so we are furiously trying to adjust our scheduling to making this and another event in DC work because SP will be coming in from MI, IA, and KY and can be back Thursday. Does Thursday afternoon work just as well? I thought it was just whenever.

I've got it. I thought we'd already gotten back with you. Let me check about any last moment hang up, but we'll get this on the books otherwise. This is easy.

Hello Scott and Ryan,

I hope you are both doing well. Please see the attached invitation for Scott to speak at the Texas Public Policy Foundation's Energy Policy Summit in DC on Nov 30 at 10:45 or whatever works for you. Be sure and review the 2017 draft agenda. The 2016 is attached just so you can see how this event looked last year. If you have any questions, please call my cell.

Thanks!

Doug,

We would like to invite Sec Pruitt to deliver keynote remarks at our 2017 Crossroads

Energy and Climate Policy Summit in Washington, DC on November 30th. We have created an invitation letter for him and would very much like your help to get this to him personally or to his office. Would you be available to help deliver the letter and the other two attachments in this email that are mentioned in the letter?

Thank you in advance for your help and please let us know if you have any questions.

Regards,

You are being kind, but I do feel better prepared for tomorrow. I also thought a lot about the Jesus quote and have an answer that fits me and segues back to an island. Perhaps I can run it off of you today?

Your talking points are spot on...

Cheers!

Michael

Mike—good job today in the round table. I have provided some updates to the talking points.

This document—specifically the talking points—will be helpful to have at the hearing on Friday.

Kaitlyn—could you put this in a binder for Mike?
