I can do Friday if Tuesday doesn't work.

No—I completely understand! Let me see if I can try for a meeting Friday morning (fly out Thursday night, meet Friday morning, return to DC Friday afternoon).

Does anyone object to that outline?

Maggie, Thursday afternoon is a critical leadership meeting at NHTSA representing my only chance annually to speak with and meet the NHTSA team, most of whom have never met their new leadership (Jonathan and myself). The entire agency has held this time for months to meet

with me.

If there were a way that I could reschedule that meeting, I would. But it has taken me months to get the space and AV support for the Thursday afternoon meeting.

I do not know how to resolve the schedule conflict. But perhaps I am not needed in CA.

Should I reach out to Mike and explain?

Heidi

Hi All,

We're really hoping to make this work for a meeting in Sacramento the afternoon of Thursday, Dec. 14th. If you can possibly hold calendars to fly out the morning of Thursday, Dec. 14th, meet that afternoon, and then fly back to DC the morning of Dec. 15th, that would be great. I'll send over more details when I have them! Still waiting and hoping for a few schedules to fall into place.

Thanks!
Maggie

Bill, James, Heidi, Jonathan, and Jeff:

I'm helping Mike plan this meeting to California next week and I wanted to work with each of your assistants to align schedules and all logistics. My plan is to get the timing set and then find the best DC-->Sacramento flight that works for the meeting.

Let me know the best person to work with on your end!

Maggie

The purpose of the meeting is to discuss CAFE-GHG standards with California regulators. Here are the attendees:

EPA: Bill Wehrum

DOT/NHTSA: James Owens, Heidi King, Jonathan Morrison
OIRA: Jeff Harris

Can you help coordinate with these folks? Also, I'll need to get a plane ticket at some point. Can you help with that, too? Thank you!

Mary, it's a deal! Copying Maggie on my end. Look forward to it.

Best,

Mike

Good morning from Tokyo, where I am paying a long overdue visit to Japanese OEMs. [REDACTED] Ex. 6

[REDACTED] Ex. 6

I would be pleased to meet with you and your colleagues the week of Dec. 11 in California. If there is time in your schedule we can offer a tour of our LA vehicle testing facilities and lab. My board has its monthly public meeting on Thursday the 14th in Sacramento, with a holiday party the evening before, so Wednesday or Thursday afternoon in Sacramento is probably most convenient. Shall we put our schedulers to work on this?

Best,

Mary

> Hi Mary, hope you had a great Thanksgiving holiday with your family. And thanks for making the trek with your team to DC. We found the meeting to be very helpful. We were wondering if we could return the favor by coming to meet with you in California, about next steps, sometime the week of Dec. 11, preferably later that week. And if it has to slip to early the following week, that's fine too. Thanks for considering, and look forward to meeting soon.

>> Mary, thanks for getting back. Yes, the 14th works fine. Adding Maggie to help schedule. We plan to have representatives from DOT, EPA, and OIRA. Specifically, from DOT: Heidi King, Acting Administrator, NHTSA; James Owens, Deputy General Counsel, DOT; Bill Wehrum, (assuming he's confirmed Thursday to be Assistant Administrator for Air and Radiation, EPA); and Jeff Harris, Associate Administrator, OIRA. Also, we are happy to discuss the issues you raised below. Look forward to meeting.
