CONFIRMATION OF CONFERENCE

Monsanto	Bechtel		
S. A. Bjorkman	J. W. Nelson	Date:	November 29, 1961
		Place:	San Francisco
		Recorded by	J. W. Nelson
		Subject:	Cold Insulation
			I-CM-133

Mr. Bjorkman, after having conferred with Monsanto Personnel in Texas City, stated that Monsanto does not want the anti-abrasive material between layers of polyurethane. The rough Draft of Specification IN3, Rev. 4 was reviewed and verbally approved by Mr. Bjorkman. We are to revise Specification IN3 and reissue by December 6, 1961, the date we are to receive bi's for the application of cold insulation.
