How about if we pick up the old conference call time of Monday,
January 22 at noon EST?

I did some work on a schedule of costs to estimate when the money is
needed. It is very difficult to do with the proposal Iron's gave us.
Its just a guess as to how much money he really needs in 2007 vs.
2008. We won't even have an accurate measure of the number of
current complete NHL cases until the end of January. Also, in a few
weeks we will have the 2006 EOY Actuals to look at as a foundation
going forward - that would help.

The report to the OC on January 24 may be along those lines. That's
my pessimistic appraisal, but let's try to talk about it on Monday.

Noticed I am on the agenda. Will we have a chance to talk about the
payment schedule before next Wednesday ?
