Subject: The email introduction I promised

Ryan,

Thanks for taking the time to meet today. I don't envy your situation but am ready to help in any way if I can. I told you about Ann McCabe who is an old friend of mine from AMOCO and BP days. As promised, please allow this modern electronic email as my way of introducing you to Ann.

Ann, please meet Ryan Jackson who is chief of staff to the EPA Administrator. Ryan spent many years prior to going to EPA working on the Hill in different positions for Senator Inhofe. Ryan, I hope you two can talk since I believe Ann might just be of help to you. All of Ann's information is contained in her email printed below.

Best

Tom Medaglia

Tom, I'd be happy to talk with him. This is a good email. My cell is below [Ex. 6 - Personal Privacy] and my landline is [Ex. 6 - Personal Privacy]. I'm available this afternoon, between 2:30 and 5ET Wed and Fri except 1pmET at this time.

Given my 5-year term as IL PUC commissioner, I have some good contacts in many states if I don't have ideas already.

I was thinking of you the other day! Updates to follow.
