DEFENDANT AMETEK'S ANSWERS AND OBJECTIONS
TO STANDING ORDER INTERROGATORIES

Defendant Ametek, Inc. ("Ametek"), responds to the individually numbered paragraphs of the Standing Order Interrogatories as follows:

GENERAL RESPONSES AND OBJECTIONS

1. Ametek objects to any and all interrogatories to the extent they seek the disclosure of information or documents protected by the attorney-client and/or work-product privileges.

2. Ametek objects to any and all interrogatories to the extent they seek information not relevant to the

subject matter of this action and information not reasonably calculated to lead to the discovery of admissible evidence.

3. Ametek objects to these interrogatories to the extent that they require it to respond in any way other than as required by Superior Court Rule of Civil Procedure 33.

4. Ametek further objects to these interrogatories on the grounds that they are overbroad, burdensome and irrelevant because the information sought is not in any way limited in time or to activities which related to the exposure of plaintiffs to any product of Ametek.

5. Ametek objects to these interrogatories to the extent that they seek information about each of its 32 manufacturing facilities located in the United States and abroad. Without waiving the foregoing objection, Ametek will respond on a corporate basis except where its response is specifically limited to the Marshallton plant.

6. Ametek reserves the right to supplement these responses to the extent additional information is uncovered.

RESPONSES

Ametek has never mined, produced, manufactured or sold a product that contained asbestos.
