Attention: Mr. Richard W. Baum

RE: z v. Dupli-Color (Sherwin-Williams)
S.I.S. File: L9744-88-8
Date of Accident: 9/22/88

REDACTED

Dear Mr. Baum:

Please be advised that I am in receipt of your October 19, 1989 correspondence regarding the above-captioned matter.

In your letter you recommend that we set an exam to determine permanent impairment. However, Dr. Lewis, treating physician, indicated that, upon discharge, he had incurred no permanent impairment related to this injury.

REDACTED

Since we have this opinion from Dr. Lewis, I am uncertain as to why we would wish to obtain another and possibly substantiate attorney's position of permanent impairment. Due to REDACTED this reason, I do not recommend another rating examination. However, if you feel strongly, kindly advise and we can certainly discuss this further. By carbon copy of this letter to Mr. Tony Colangelo, I ask for his opinion in this respect.
