Dear Bob,

I note that on the agenda for the January 27th meeting of the Council you are to report on Medical Education and Training in Occupational Medicine. I assume that such will be a verbal report. However I would appreciate a written summary from you (I will not be at the Council meeting). As you know I am to give the Sappington Memorial Lecture in April. I intend to devote some time to the captive status in which Occupational Medicine finds itself. Any ideas from you will be greatly appreciated.

Sincerely,

Red

R. T. Johnstone, M.D.
