Interoffice Communication

To VCM Plant Employees
From R. D. Gamblin
Date February 8, 1980
Subject 1979 Safety Performance

Your efforts toward improving safety in your plant in 1979 were especially effective. The fact that 1979 included two turnarounds makes the accomplishment even more significant. Congratulations on such a fine performance and thanks for the extra effort.

A handwritten signature in cursive script that reads "R. D. Gamblin".
