Re: Henry E. Baker

Dear John:

We have received notice that one of our employees, Henry E. Baker, has obtained an attorney and is claiming occupational exposure to asbestos. Mr. Baker is a 30-year employee, 58 years old, and has been an insulator during his entire career with Monsanto.

To my understanding, he has been to see Dr. Selikoff in Houston at the request of the Asbestos Workers International a few years ago. He is currently seeing Dr. Zaunbrecher in Galveston at this time. I am attaching a copy of the Notice of Injury Claim for Compensation, a letter from his attorney, and a negative E-1.

Would you please review the attached and call me to discuss future course of action?

Sincerely,

Mark

Mark A. Riddle
Sr. Safety Engineer
