BULLETIN NO. 48SUBJECT: PAINTING FARM
BUILDINGS AND EQUIPMENT

To Members Supporting the
White Lead Promotion Program:

We are enclosing a copy of "Painting Farm Buildings and Equipment" published by the Association under its White Lead Promotion Program, and prepared in cooperation with the U.S. Office of Education. This book is being mailed to approximately 8,000 Vocational Agriculture teachers in high schools throughout the country and staff members of State Vocational Agriculture Departments. It will also be mailed to about 3,800 county agents. Another 1,800 copies will be used in the paint study cabinets now being constructed for use in Vocational Agriculture instruction in high schools. In all, 25,000 copies have been printed and distribution of the balance will be determined later.

Very truly yours,

H. Wamsen
Secretary.
