

1 months in 1950, he was exposed to dust created by the
2 handling, use and application of a product known as
3 Kaylo, Kaylo pipecovering.

4 It was manufactured by Owens-Illinois, and
5 it was used on jobsites by pipecoverers in his
6 vicinity, and cut and sawed in his vicinity creating
7 asbestos-containing dust.

8 I want you to further assume that the
9 product contained 13 to 25 percent asbestos, amosite
10 and chrysotile, and that Mr. Vandergucht inhaled the
11 dust that was created from the use of that product.

12 Assuming those facts to be true, Doctor, do
13 you have an opinion, to a reasonable degree of medical
14 certainty, as to which, if any, exposures to that
15 Kaylo pipecovering were substantial contributing
16 factors to the development of Mr. Vandergucht's
17 diffuse malignant peritoneal mesothelioma?

18 MS. TOSTANOSKI: Objection.

19 THE COURT: Overruled.

20 A Yes, sir. It is my opinion that all of
21 those exposures contributed to the development of this
