Dear Gianni:

Attached is a tentative agenda for the 1988 Vinyl Chloride Safety Association in San Francisco. The meeting has been set for September 22 and 23 at the Hyatt on Union Square.

There are open times on the tentative agenda. I am hoping you will be able to fill these in with European speakers. We also need a speaker to present a European VCM/PVC regulatory update and participate in "true confessions".

Please contact me soon with any additional information you have on speakers.

Sincerely,

Joseph C. Ledvina
Director, Environmental Activities
