All,

Thank you for confirming your participation in the U.S. Chamber-International Gas Union high-level Energy Security Forum on **Monday, March 10th during CERAWeek from 2-4 pm CST**. This forum will be followed by a small networking reception for participants from 4-5 pm. This event will be held in the **River Oak Conference Room on Level 3 of the Marriott Marquis**, just across the street from CERAWeek and the Hilton-Americas (about a 6 minute walk).

The discussion will focus on opportunities and challenges associated with the role of natural gas in the global energy system, particularly as they relate to the shared security, economic, and environmental goals of G7 countries.

As a reminder, this is an invite-only, private roundtable that will be held under strict Chatham-House rules. Space is extremely limited and we are not able to accommodate additional +1's. **If your name is not on the list of participants, you will not be allowed entry into the room.**

We will send a final reminder over the weekend. Please don't hesitate to reach out to Dan Byers (dbyers@uschamber.com) or myself with any questions.

Best,
Kendall
