Satin Eggshell

ALKYD SEMI-GLOSS ENAMEL

*Presenting the latest Decorator
Wall and Woodwork Colors*

CAREFREE COLOR that can take it! Dutch Boy Satin Eggshell Enamel has been especially formulated to bring a lovely, lasting appeal to "busy" areas. There's nothing like it for any wood-work, for walls in kitchens, baths, play-rooms, children's rooms, utility rooms. It resists wear, liquids, moisture and dirt as no other finish can, for special alkyd resins give Satin Eggshell a tough film that repeated scrubbing won't dull. The lustrous semi-gloss colors, keyed to Dutch Boy flat wall finishes, are an inspiration to home decorators. Turn the page and see for yourself!

DEPEND ON DUTCH BOY for more years to the gallon

The world's most respected painter—the Dutch Boy—identifies the "just right" finish for every surface in your home, because the quality's there! Dutch Boy Satin Eggshell Enamel is an outstanding example. The product of modern research and the finest materials, Satin Eggshell Enamel has been formulated to be easy to use—and to live with.

It spreads smoothly and quickly to a most attractive semi-gloss, has no lingering odor, leaves no brush marks. Satin Eggshell dries to a smooth, hard finish that resists wear, water, repeated cleaning.

Look for the Dutch Boy whenever you plan to paint. Remember—Dutch Boy does it... best—and this quality label assures you of the greatest satisfaction.
