Subject: Next ESA WG call

Dear ESA Pesticide Working Group members,

CEQ is looking to schedule the next meeting of the ESA Pesticide WG for next week. The proposed format is a 30-minute teleconference, similar to the call in late June. **Please share your availability for Wednesday, August 15, and Thursday, August 16 with me.** We will try to accommodate everyone, but at a minimum we will ensure high-level representation from each of the agencies.

Once again, **we encourage the signatory agencies – EPA, DOI, DOC – and USDA to obtain a progress update from their staffs in advance of this meeting.** This will allow us to compare notes and identify any challenges that might be addressed by the Working Group. If you have any additional agenda items you would like to add to the draft agenda below, please provide these to me by early next week.

Thank you!
