Hi Jess,

It was great to see you the other day! As I mentioned, WAC would greatly appreciate the opportunity to meet with you to discuss our concerns with the Biden WOTUS rule. Attached is a document that outlines many of those concerns and provides specific examples of where we believe the Biden's rule runs afoul of the Sackett decision. We would greatly appreciate the opportunity to walk you through this. We are happy to accommodate your schedule. Thanks so much!

Best,
Courtney
