Q Now, when you say a farm, I mean, we are not talking about a little vegetable garden.

Did you have animals?

A Yes.

Q What kind?

A We have steers, and we have chickens and ducks and we have a little bit of everything.

Q And did he take care of all of those?

A Yes, uh-huh.

Q When he was plastering, did you also have the farm then?

A Yes.

Q Would he take care of all of those things during that period?

A Yeah. He would come home at night and feed the animals.

Q And would he work on weekends?

A Yes.

Q Now, when you retired, and we are in the 1977 area, between '77 and 1980, were either one of your children living at home then?
