

March 23, 1962

Mr. W. M. Lee
Administrative Assistant
Product Development
Koppers Company, Inc.
Pittsburgh 19, Pennsylvania

Dear Mr. Lee:

Thank you very much for your letter of March 9, relative to your Bitumastic No. 50. The information you gave me will be very helpful.

I have visited your Youngstown plant where I think you produce this material. I know of no claims for skin irritation or lung involvement from that plant.

I have submitted a report to our Cleveland office and to the Quality Paint Company on this problem.

Very truly yours,

DeWitt Huffman
Industrial Hygiene Engineer
