Ambridge, PA 15003

ATTN: Mr. D. L. Haney

Gentlemen:

Enclosed, find H. H. Robertson drawings Nos. EG1, EG1A, EG2, EG3 and EG4. The above sheets are "Approved as Noted".

We have also enclosed El Paso Smelting Works (ASARCO) drawing no. 7052, showing existing conditions at the Pipe Gallery in the roof of the Converter Building, This information will allow you to figure roofing and siding for the Pipe Gallery and Closure at intersections with Convertor Building roof. Note that we have put "hold" on East and West End Walls, as Closure Steel for this area is as yet not installed.

Also enclosed find Southwestern Industrial Contractors and Riggers, Inc. drawing no. E5, showing penetrations in Convertor Building Roof to support the roof walkway steel.

H. H. Robertson drawing no. EG5 will be returned after existing conditions and details have been verified.

In the future, please submit four sets of shop drawings, stamped "For Approval Only" to our office.

If you have any questions on the corrected drawing, please call Mr. H. E. Wickes or myself.

Very truly yours,

A. Miller
Project Engineer
