Hi both,

This week, we could discuss e.g.

- Upcoming news from ECHA: report on IPA beneficiary countries, changes to REACH info requirements, integrated regulatory strategy report
- CSS related updates – restrictions roadmap to be published on 25.4.
- DG ENV: small news on animal testing, EURL-ECVAM report going out
- COM visits to ECHA & tattoo webinar went well
- PFASs restriction a possible topic for joint campaigning with Member States in 2023, COM colleagues invited to the kick-off meeting later on.

ECHA updating crisis comms guidelines

Let's talk more on Thursday & kind regards,
