"Commercial aviation in States has made more progress in eight months than in the last five years," Edward assistant secretary of the aviation, declared in address to a group of army officers, aviators and civil dinner last evening given auspices of the local chapter National Aeronautic association.

The chief executive of aviation forces asserted the fulness of aircraft, both in and in a military and in should be kept before the declared that the use of the transportation field interest every San Diego city has played such a part in the history of aeronautics.

CITES INSTANCE
The speaker cited the of aircraft in the scheme defense and how co-rel progress of commercial that of the purely in its aircraft operations.

Harking back to the day Mr. Warner, in tracing transportation, said, it took days to make the trip in London whereas today it are less than a day apart lanes.

In concluding, the assistant made a plea for San behind the local chapter A. & because it will be a point for the collection of nation relative to aeronautics as vitally assisting those developing the industry. Rear Admiral William A. of the bureau of aeronautics believes the "knows San

Officer Dies As Dutch End of L

AMSTERDAM, Sept. 21.—The unsuccessful demand of the 12th regiment to after a long march in weather caused a mutiny yesterday which resulted in the death of a man, the wounding of a number of others.

When the troops who were called up for a demand, the additional troops were refused whereupon the men in the barracks window were shot. Officers were killed and the disturbance was guarded which made it difficult to increase the international. A volley of ball cartridges fired and a man was killed who had been shot.
