Stacy;

Attached is a slide pack to use to brief John based on the agreements reached at the Benzene Health Research Consortium (sponsors group name) meeting this week.

I will be traveling for the next few hours. Hopefully, I can reconnect when I get to new destination and check email. Been a challenging IT week.

Will have my cell phone on - 832-419-3931 if you want to call.

Thanks for your guidance and support.

Patsy

Subject: Shanghai Health Study - Funding slides

Stacy;

Attached are slides to use in briefing John for the Monday telecon of the API executive board. My understanding is that the SHS will be on the agenda. The sponsors oversight committee thought that it would be useful for company execs to have this info prior to the call.

I will be on the road for the next few hours, but will have my cell phone on (I'm not driving), 832-419-3931, if you want to call for clarification.

I will try to log on again when I reach my destination - it has been a challenging IT week.

Thanks for your continued support.
