Dear all,

Finally all report links are included in the survey and some final adjustments have been made. A huge "Thank You!" to all of you for your valuable feedback and support. In my view the consultation is now finalised.

If you would like to have a last check please use the following link and let me know if you come across any remaining issues: <https://link.webpolsurveys.com/S/A268AB47DAB9D5DA>

This will also be the link for you to use for your websites and press releases (maybe together with the link to our webpage <https://www.reach-clp-biozid-helpdesk.de/restrictions> for more general reference).

The attached pdf version will be downloadable from our webpage (as a service to respondents) and will also be sent out by us together with an invitation to contribute to our survey to all previous respondents who contributed to the first call.

Maybe you could also use it if you are going to inform specific stakeholders about the start of the consultation.

Please let me know, if I forgot anything or in case there are still open questions.

Kind regards,

for the German CA
