Hi [REDACTED],

As discussed, please see attached meeting minutes from the 4th April on our initial Regulation 61 feedback discussion.

We have also included an excel sheet with commentary against the Annex I and Annex II analytes which you will hopefully find useful.

Please let us know if you have any comments on this and we can get another meeting in the diary/site visit planned to move this forward.

Look forward to hearing from you on your return from holiday.

Kind regards,
[REDACTED]

Hi [REDACTED]

Apologies, it will be in your inbox on Tuesday – is there anyone else you would like me to send it to in your absence?
I'll CC [REDACTED].

Have a good holiday and catch up when you are back.

Hopefully, we can get a date in the diary for you and the team to come to site.

Kind regards,
[REDACTED]

Hi [REDACTED]

Just wondering where you are at with the documents you were checking/ gathering since I last contacted you. I am out of office for the next 2 weeks but am looking to progress the notice when I return, so would be really helpful if I could have the information when I get back.

Kind regards,

[REDACTED]

Hi [REDACTED],

Thanks for pulling the info together, look forward to receiving next week.

On the site visit, [REDACTED] has already asked for our availability so will continue to coordinate through him.

Kind regards,

[REDACTED]

Hi [REDACTED]

I'm well thank you and enjoying the warm weather! Hope you are too.

Apologies this has been sat on my to do list for some time. I have now tidied up the notes and circulated with the team here. Hopefully, I can get these out to you early next week along with suggested list of PFAS for analysis.

I have also suggested some additional dates in June/July to [REDACTED] for the site visit. Hopefully, you and the team can make one of these dates. Let me know if you want me to send the dates over to you too.

Kind regards,
[REDACTED]

Good Afternoon [REDACTED]

Hope you are well.

[REDACTED]

I am currently reviewing the Regulation 61 notice following our meeting on the 4th April. Could you please send over the list of PFAS which are released from site, with estimated release quantities if available.

Would also appreciate if you could send over meeting notes you took on the 4th.

Kind regards,

[Redacted]
