

But UN delegates, alarmed and dismayed at the hopeless outlook for an East-West reconciliation after the new Communist International manifesto against American "imperialism," agreed that the ultimate victim will be the United Nations itself.

"ONE WORLD" REJECTED

One middle-of-the-road delegate pointed out that both the United States and the Soviet Union have rejected the basic concept of the United Nations—one world. This delegate said the United States did it in the Truman doctrine and the Russians have now

ist manifesto in which the Communists of nine nations declare the world to be split in two.

Soviet Delegate Andrei Y. Vishinsky gave the UN a taste of the new offensive Monday at the end of a two hour speech. Speaking directly to U. S. Delegate Herschel V. Johnson's compromise offer to drop the charges of "aggressor" against Yugoslavia, Bulgaria and Albania if they would accept and cooperate with a UN Balkan commission, Vishinsky let go with all the vitriol in his vocabulary.

STRONG ATTACK

He said the U.S. offer "proved"

He recalled that for months the U.S. has led a "violent" campaign against the three countries and "even the sparrows had chirped similar accusations from the rooftops of New York."

"Let us put an end to this game of cat and mice, called the Greek question," he shouted.

"Mr. Johnson has proposed a horse trade. The U.S. will give up its serious charges if we will accept a commission. It's a proposed deal: Put your money on the barrel head and everything will be all right.

"Now the whole world knows the U.S. accusations were not worth a hoot!"

He rejected the compromise in toto and insisted that the only solution in Greece was withdrawal of all foreign troops and "so-called" experts.

IT RUNS IN THE FAMILY

NEW YORK (U.P.)—When Tom Lawrence Jr., 21, reported for his first tour of duty as a probationary policeman, he was assigned to the same precinct where his mother has been a policewoman for 28 years. Lawrence's grandfather, two uncles and a cousin were or are on the police force, also.

Is Opposed

SANTA BARBARA, Calif., Oct. 10. (P)—State Sen. Ben Hulse of Imperial County asserts that reapportionment of the State Senate on a population basis would result in "metropolitan dictatorship in state government."

Hulse, addressing the Supervisors Association of California yesterday, said a proposed measure to re-align the Senate would result in an unbalanced State Legislature and urged the association to oppose the proposal.

The senator, chairman of the Senate Interim Committee on state and local taxation, said he foresees an increase in tax delinquency

"that will bring about insolvent property ownership." He said this will mean "insolvent government" if the property tax reaches an average of \$6 per \$100 of assessed valuation which it is approaching in many places.

He said there has been a tendency in recent years for the state government to reduce the local tax base by annexing sources which actually belong to local governments.
