The Honorable Congressman Addison McDowell
1032 Longworth House Office Building
Washington, DC 20515

Dear Congressman McDowell,

As a business owner and Alderman in the Town of East Spencer, I would like to express my heartfelt thanks and full support for your efforts in securing an offramp for our town. For years, our community has faced significant challenges due to our lack of easy access to major transportation routes, and your leadership in championing this project is deeply appreciated.

East Spencer has long struggled with a poverty rate higher than both the state and national averages, and our limited access to key highways and roads has contributed to the economic isolation of our town. As a local business owner, I have seen firsthand the struggles that come with this lack of connectivity. We have been requesting an offramp for several years, as improved access would not only enhance safety but also improve traffic flow and create new opportunities for businesses like mine.

The addition of an offramp will help alleviate the traffic congestion and improve safety for both residents and visitors. It will also open up greater access to goods, services, and jobs, benefiting not only local businesses but also the broader community. This project will be a catalyst for much-needed growth and economic development, and I am confident that it will have a long-lasting positive impact on East Spencer.

Thank you again for your tireless advocacy on our behalf. Your support has made a tangible difference in our community, and we are excited to see the improvements that will follow. I look forward to the positive changes this offramp will bring and am grateful for your continued dedication to the needs of East Spencer.

Sincerely,

Dwayne Holmes
Alderman
Town of East Spencer
