

B-H COLOR MAKES

"THE LITTLE GLAY"

HOME IN THE WEST

SATIN EGGSHELL FINISH and LUSTRELAC ENAMEL—colorful, ready-mixed paints for walls, woodwork and furniture—bring the gay color of spring to your home.

Painters are enthusiastic about Satin Eggshell. They recognize that it is as fine a mixed paint as money can buy. And it's economical . . . it takes less to do a perfect job.

Lustrelac is the quick-drying enamel which lends itself to artistic expression. It goes on easily. It dries, ready for repainting, in four hours. Its gay colors are in step with the times.

RADIO COLOR CLASS

Would you learn more about painting . . . more about color? Then tune in on our Color Class, conducted every Tuesday morning at 10, over the Pacific Coast Network of N. B. C. Hear Mr. A. E. Lawrence, director of our Home Beautiful Department, answer typical decorating problems in a practical, helpful way. Tune last 10 Tuesdays.

How to combine these two Color Harmony Finishes in color groupings which will transform the duldest and grayest into the brightest and gayest is pictured and described in "Color Harmony in the Home, Booklet 3." We will gladly send it to you. Just send your name and address to the National Lead Company of California, 2240-24th Street, San Francisco.

About paints and painting, consult your B-H dealer. Your painter, too, can help . . . no one knows paint like a painter!
