***Company names are listed as published in *Ward's Business Directory* and the *Directory of Corporate Affiliations*.**

HOW CHARTER MEMBERS WERE SELECTED

Research for this list was based on two prior publications of a similar list in *Safety & Health* magazine. The articles were previously published in 1972 and 1987. Current membership files on ASP were also utilized. The following is a list of criteria that were required.

- ▶ Membership purchased in 1914 or earlier
- ▶ Continuous membership status from the original join date
- ▶ Existence today as the same entity or a indentifiable division of another organization

We did also employ two reference sources: *Ward's Business Directory* and the *Directory of Corporate Affiliations*. Attempts were made to determine if an organization had changed its name or merged with another organization with a new name.

Drafted October 23, 1998
