Dear Mr. Glessel:

I have your memorandum of August 10th, requesting that you be placed on my mailing list, with enclosing reprints of two papers by Manville and others and J. Nell and his associates. I want to say that I am as usual, just other than one due to which bulletins intended solely for our members are sent. As to the reprints you had perhaps forgotten that we kindly sent you copies of both of these a week or so ago.

I also have a copy of your letter of August 10th to me. When I finally had time to read it, I was very interested to see the situation and the "also" also, for I judge the workers listed to be employed by the Houston company which is a member of our association. Whether this be so or not, I do not find the circumstances surrounding your report very pleasant reading.

You will be hearing further from me shortly.

Sincerely yours,

MB/J
