to last a full **15** years.

HERE'S A NEW ROOF THAT PROMISES FORTIFIED BEAUTY FORTIFIED PROTECTION

Here's beauty in depth with colors selected especially to complement the traditional three-tab design of the asphalt shingle. The FORTIFIED is a handsome, heavyweight that offers a massive shingle line to accent your roof dimensions and harmonize with the architecture of your home.

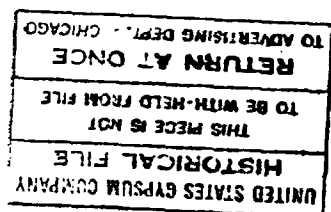

Here's a shingle that provides the maximum in Weather Shield protection. It is the extra heavy FORTIFIED shingle that gives its extra weight to protecting your home. This additional weight is the result of specification blending of all of the prime ingredients into a stronger product for longer protection.
