

Antimony		Barbers' disease	345
and thyroxin, effects	355	Baritosis, case	285
poisoning in industry	356		
Arc welding		Beat disorders	
(see welding)		and staphylococcal infection	120
Arsenic trioxide		Benzene	
exposure in industry	809	and homologues, poisoning	151
Arsine poisoning		blood dyscrasias from	943
fatal case	39	factories	
from algae	1041	health of workers	1170
prevention	1042	metabolism	268
Artificial respiration		poisoning	
(see resuscitation)		and erythromyelosis	1050
		effect on platelets	269
		hematology	710
Asbestos		Benzene hexachloride	
clinical and		and DDT, toxicity	381
pathological study	284	poisoning	1053
lung cancer from	605	toxicity	271,485,1175
Asbestosis		Benzenemia	823
case	79		
pathology	78,604	Berylliosis	
studies, miniature films	496	summary of cases	357,930
Atmospheric pollution		Beryllium	
(see air pollution)		determination	
Atmospheric turbulence		fluorimetric	97
measurement	643	spectrochemical	863
Atomic bomb		granuloma treatment	
casualties, treatment	747	cortisone	700
effects on blood	619	nonsurgical	1160
Aviation toxicology (bk. rev.)	559	oxide poisoning	1159
Bacteria		poisoning, experimental	571
and odor control problem	102	radioisotope	
Bagassosis	501	distribution and retention	701
BAL		toxicity and ACTH	463
therapy in lead poisoning	361	Best Years of Your Life	444
therapy in thallium		(bk. rev.)	
poisoning	148,818,819	Blood	
vs. citrate in lead poisoning	469	changes	
		in industrial disease	67
		picture	
		effects of muscle training	741
