Subject: Re: Administrator Pruitt invitation

Jake,

Thank you for reaching out and for the very kind invitation. I am copying our scheduler, Maddy Morris, who would be happy to work with you to determine if the Administrator might be able to participate.

Warm regards,
Millan

Millan,

We regret that the Administrator was not able to visit our Mercedes facility during his recent trip to Alabama with Senator Strange. On September 21, we are celebrating our 20th year of production in Alabama and would like to invite the Administrator to participate. In addition to celebrating the past, we plan to announce a significant expansion of the facility including production of environmentally friendly products and the supporting components. We have also extend an invitation to Vice President Pence and would love to have the Administrator there as well.

Please do not hesitate to contact me or Joanna Foust with questions or requests for additional information. Thank you in advance for considering the request.

Jake
