3-170

May 25, 1954

To: Mr. Kelly
From: Dr. Elders
Subject: H & V Specialties Co., West Groton

Enclosed herewith are three copies of a report by our engineers, Mr. Elise Compton and Mr. Harold Baxley on a visit to the above establishment on May 21, 1954.

You will kindly note that present plans do not call for recirculating air from the dust collector so that our previous recommendations covering this matter may be waived.

You will note that there was one X-ray with positive findings which is being further studied by Dr. R. Vance of Boston.

Inasmuch as this was a matter initiated by your Division, no copy of the report is being sent by us to the employer.
